Subject: MARK - PLEASE READ ASAP - public meeting TOMORROW
Importance: High

Hi, Mark.

Austin Caperton informed Cosmo that there is a public meeting regarding an air permit TOMORROW. The facility, Roxul, is in Ranson, so I imagine that's where the public hearing is. **Cosmo would like you to attend. I know it's 5 or 6 hours for you... so I need to confirm ASAP that you can make it.**

Cos asked Cristina to work on a one pager that explains the issues and work with us on talking points for what you can say as far as our role (which may be limited... not sure) and status.

You might want to call your DEP contacts to find out more on meeting logistics. What I'm telling you is as much as I know... Googled a bit and could not find logistics on a meeting tomorrow
